Welcome to the Registration Guide for the 13th annual Zimbabwean Music Festival. The 2004 Festival Organizing Committee is pleased to invite you to Zimfest in Portland for the second year in a row. This event brings together an international community of teachers, students, performers, and lovers of Zimbabwean music and dance for three days packed full of workshops, performances, presentations, community conversations, general visiting and musical jams. Please join us and share the joys of Zimbabwean music and culture. We look forward to seeing you there!

Zimbabwean Guests

We are excited to welcome many wonderful Zimbabwean guest teachers to this year’s festival: Ambuya Beauler Dyoko, Forward Kwenda, Cosmas Magaya, Nicholas Manomano, Fradreck Mujuru, and Fungai Mujuru, all of whom will be traveling from Zimbabwe; Lucky Moyo who is coming from Britain; and Lora Lue Chiorah-Dye, Tendekai Kuture, and Loveness Wesa who reside in North America. Changes may occur, so check our website at www.zimfest.org or subscribe to our email list (via the website) for updates.

"Beyond-Festival" Opportunities with Zimbabwean Guests

Most of the Zimbabwean artists will be in the United States for an extended stay. They may be available for both teaching and performances in your local communities. Contact Zimfest at 2004@zimfest.org if you are interested and we will connect you with them.

Intensives

Zimfest will again offer intensive workshops this year. These are workshops of two-hour sessions per day that will continue over a period of two or three days. Most workshops will still be the one-time one-to-three hour sessions they have been. However, intensives are an opportunity for students to spend more time on a piece(s), with an instrument and with the teacher.

About the Site

The campus at Reed College provides the perfect festival site for our music community. Reed, a liberal arts college founded in 1908, is situated on a lovely campus with rolling lawns, magnificent old trees, winding lanes, a canyon, a natural pond and a creek running through it. The campus provides excellent facilities - all within close walking distance - for workshops, concerts, marketplace, meals, housing, and of course, for just general hanging out. The concert site is one of the best sites the festival has ever had. Downtown Portland is a 20-minute bus or bike ride from Reed. For more information, check out their website, www.reed.edu.

Pre-fest: Thursday, August 12

Pre-fest is the chance, before the action-packed festival, to settle in, to visit with friends as they arrive, or to connect with a teacher for a lesson in mbira or other musical arts on Thursday. The following teachers have indicated that they are available: Erica Azim, Michael Breez, Naby Camara, Lora Lue Chiorah-Dye, Fiona “Ona” Connnon, Forward Kwenda, Jennifer Kyker, Randy McIntosh, Lucky Moyo, Fradreck Mujuru, Fungai Mujuru, Peter Swing, and Wanda Walker. If a marimba ensemble wants to have a special session with a particular teacher on that day, please let us know so that we can arrange for a facility. Otherwise, Zimfest will not be involved with scheduling or dealing with payment. A reception for teachers, performers and sponsors on Thursday evening closes Pre-fest activities.

About Zimbabwean Music

The Festival offers a unique opportunity to explore complex and dynamic musical traditions. The mbira, an instrument common to many African cultures, consists of metal keys mounted on a wooden soundboard. In Zimbabwe, mbira music is part of a tradition that has remained strong for over a thousand years among the Shona people of Zimbabwe. Mbira pervades all aspects of Shona culture, both sacred and secular. Its most important function is to communicate with both deceased ancestors and tribal guardians, at all-night bira ceremonies. At these ceremonies, tadzimu (spirits of family ancestors), mhondoro (spirits of deceased chiefs) and makombwe (the most powerful guardian spirits of the Shona) give guidance on family and community matters and exert power over weather and health. While this role is still integral to Shona culture, the mbira is also increasingly used in the pop music of Zimbabwe.

The marimbas’s use in Zimbabwe dates back to the 1960’s, when the instruments were adapted from various southern African traditions to form a uniquely Zimbabwean instrument at the Kwanongoma College of Music, a teacher training college in Zimbabwe (then Rhodesia). Marimba came to the West in the late 1960’s in the hands of Dr. Dumisani Mairae, who taught Kwanongoma-style marimba music and his own compositions to students at the University of Washington, Evergreen College, and later others throughout the Pacific Northwest. Zimbabwean music has grown in popularity ever since, aided by international tours by both Zimbabwean traditional and pop musicians. Today, communities of people playing Zimbabwean-style mbira and marimba exist across North America and the world.

Since the first Zimfest, which took place in Seattle in 1991, each year the festival has attempted to reflect a cross-section of Zimbabwean cultures. The festival also includes offerings from Ndebele and other cultures in addition to those of the Shona people.
Community Events

The Zimbabwean Music Festival hopes to foster an appreciation not only of Zimbabwean music, but also of Zimbabwean people - their language, culture and history. In addition, we aim to provide information about the current crises in Zimbabwe and about ways in which we can help out, both individually and as a community. We also want to provide forums of general interest.

To this end, several classes are offered "by donation" (with the suggested donation being $5). By creating the donation system, we hope to make these offerings available to more people. Most of these classes still have size limits so they will fill on a first-come first-served basis. You cannot pre-register for these classes.

Please see the class description section of this guide for a full description of these presentations.

Children's Programming and Notes to Parents

There are classes specifically for children scattered throughout the festival (see page 6). CHILDREN UNDER 8 MUST HAVE AN ADULT ACCOMPANYING THEM FOR ANY WORKSHOP. If the adult is only there to supervise the child and is not himself or herself taking the class, then only the child will be charged the class fee.

Children over age 8 are welcome to register for adult workshops provided they meet the prerequisites for the class. Please consider the child’s attention span and comfort level.

There will be no formal childcare facilities at the festival. If you choose to bring a child to a workshop or other event, please understand that it is your responsibility, out of respect for the teachers and other participants, to leave with that child if his or her needs are causing a distraction. A young child accompanying you in a workshop in which you are a participant must be prepared to sit quietly, and may not participate in the class.

RhythmWalk for Zimbabwe

A documentary about Shona music and Loren Mach's RhythmWalk for Zimbabwe will include filming at Zimfest this year. Loren is hiking the Pacific Crest Trail from Mexico to Canada to raise awareness of Shona music and culture and support for the following non-profit organizations in Zimbabwe: Ancient Ways/Nhimbe for Progress, Shungu DzeVana Trust, and Village Health Project. 100% of funds raised through the project's fiscal sponsor, the Boulder County AIDS Project, will be hand delivered to Zimbabwe to help fight poverty, starvation and AIDS. To find out more, visit www.zimwalk.org.

Marketplace

The lively sounds of marimba and mbira music from Zimbabwe will accompany you while you stroll this festive, open-air musical instrument and crafts marketplace. Zimfest Market offers high quality African musical instruments from Zimbabwean and North American instrument makers. You will find beautifully handcrafted wooden marimbas, mbiras from renowned Zimbabwean mbira makers, African hosho and other percussion, exquisite Shona serpentine sculpture, art from rural Zimbabwean villages, fabric and clothing, a wide selection of southern African and Zimbabwean CDs & tapes, and much more.

VOLUNTEER: Help Make Zimfest 2004 a Success!

Each year the Zimbabwean Music Festival is run entirely by volunteers. We need tons of volunteers to help before, during and after the Festival to make it happen. It's a great way to get to know others in the music community and the feel-good-by-doing-good benefit is a free bonus!

We need volunteers to move instruments, staff the registration desk, take concert tickets, set up stage equipment, provide concert security, clean up after concerts, help in workshops, decorate, be a festival "go-fer", set up before the festival on Thursday, and tear down after the festival Monday morning.

We are asking that each participant donate two hours of time during the festival in order to make the festival happen. Please look over the list of volunteer opportunities on the Registration Form and choose the area(s) you are interested in. Someone (another volunteer!) will contact you. If you have any questions regarding volunteer opportunities, please e-mail Hyla Dickson (hyla@zimfest.org). We will do our best to make your volunteer experience fun and rewarding, but we cannot offer trades for your time.

Village Meeting and Zimbabwean Guest Forum

We hope everyone can attend the village forum - it will be held in the amphitheatre (outdoors) over lunch. Bring your ideas about this festival, about future Zimfests, and about the community as a whole. Listen to Zimbabwean guests reflect on their experiences. All are welcome!
**Registration Directions**

To register for workshops, concert tickets, accommodations, and meals, please follow the instructions on the enclosed registration form and read the registration information below. See page 19 for more information and instructions on reserving accommodations and meals on campus.

**General Workshop Registration Information**

You may either register by mail or on-line. If you register by mail, then you need to include your payment with your registration. If you register on-line, you have a choice of paying by credit card (on-line) or mailing in your payment. When registering for a workshop, please indicate a second choice for each workshop you choose. When registering for Intensives, please mark out all time slots that the class meets. Be sure to read the information about participant playing levels on page 6 before you choose your workshops. Out of courtesy to the teachers and other class participants, please do not sign up for any workshop that is beyond your level of experience. If the teacher deems that the class is above your level you may be asked to observe.

It will help us if you register early. All registrations forms and payments that are postmarked June 21 or earlier will be processed together. These registrations will be randomized to ensure equal chance at receiving first or second choices for workshops in a lottery. Your registration will not be processed until we receive payment. In early July you will receive a letter or email confirming your registration and workshop schedule.

Registration forms and payment postmarked after June 21 will be accepted and will be processed on a first-come, first-served basis. For registration forms we receive by July 17, you will receive an email or letter confirmation of your registration and workshop schedule. Otherwise, your confirmation packet will be available at the Festival Registration Table. Do not mail any forms or payments after July 31; you will be able to register at the Festival Registration Table.

Regardless of your method of registration, you may check your current registration status, make changes, check the status of workshops (open/full), and find out about any changes in the workshops or schedule at our website: www.zimfest.org through August 6. All Zimfest participants should check in at the Festival Registration Table upon arriving at the Zimfest site. You will receive your concert tickets, final workshop schedule, site information, and updated information on workshops and other Zimfest activities.

**On-Line Registration**

You may register on-line at www.zimfest.org. You can pay on-line with a credit card - a 3% charge will be added to your bill to cover costs for this service. Your registration will not be processed until we receive payment. So, you either need to pay on-line or send us a check or money order. If you pay by check or money order, include the Payment Voucher on page 19. To register go to www.zimfest.org and click the link to Registration. Follow the instructions to create your user name and password. The on-line system allows you to control your own registration choices. At any time up to August 6 you may make changes. However, any changes that you make can not exceed the amount you have paid and payment by mail must be sent by July 31. The on-line registration system will be closed during an interim period while the lottery is being completed in late June.

**Mail-In Registration**

We will accept registration forms by regular mail only (no faxes), and they must be accompanied by a check or money order. Do not mail any registration forms after July 31; instead come to the Festival Registration Table at Zimfest to register.

**Festival Refund Policies**

**Cancellation Refunds**

If you are unable to attend the Festival, requests for refunds will be accepted until August 6 (NO LATER). Refund checks, minus a $15 administrative fee (in U.S. funds), will be issued approximately one week after the festival.

**Workshop Refunds**

If you do not get into a workshop for which you have registered and paid, we will give you credit toward another workshop that you can register for BEFORE or DURING the Festival, as available. You may register for these additional workshops by mail or on-line, or you may wait until you arrive at the Festival. If, by the end of the Festival, you still haven't used up your Zimfest 2004 credit, you may request a refund. We will place a refund box at the Festival Registration Table in which to place your request. You may also mail in workshop refund requests for one week after the Festival. We will not accept class refund requests postmarked after August 23. It is our goal to offer you so many great workshops that you won't need a refund! You may also choose to donate your Zimfest 2004 refund to Zimfest or another nonprofit organization serving needs of Zimbabweans.

PARTICIPANT PLAYING LEVEL

In order for teachers to accomplish the goals of their classes, it is important that participants sign up for classes that are appropriate to their experience and playing level. Signing up for a class that is beyond your level creates major problems for the teacher and the other students. If the teacher deems that the class is above your level you may be asked to observe. Please refer to the following guidelines when choosing your classes.

**Introductory:** Appropriate for those who have never touched the instrument through folks who have played less than one year.

**Advanced Beginning:** These people have played the instrument at least one year. For marimba they can play a couple parts on at least five songs and for mbira they can play two songs.

Introductory/Advanced Beginning Marimba: Kukaha: For Each Other

Peter Swing

This is an original song composed by Peter for his family, and looks to teach us how to make it work. It also teaches how a marimba band works, for all the parts depend on each other.

Traditional Guinean Balafon Duets

Naby Camara, assisted by Kite Giedraitis

Naby will share some extremely challenging material from his repertoire of traditional balafon material (a balafon is similar to a soprano marimba). The duets can easily be expanded to three to four players: each piece consists of one or two basic patterns and a lead. The basic patterns require great independence of hands and usually span an octave. The leads are somewhat improvisational and employ dynamics and rapid runs. This workshop is for the marimba player (or even teacher) who is seeking the next step.

Level: Advanced

Limit: 12

Materials: Audio/video taping OK.

Prerequisite: At least two years of marimba experience.

Advanced Intermediate Marimba: Salmonberry Pie

Fiona “Ona” Connon

Minanzi/mbira hosho drives this upbeat marimba song. Salmonberry Pie is a love story which teaches us to stand tall and strong on our own. By being healthy individuals we bring more to ourselves, our relationships and the world. Ona encourages all participants to have fun with this song - to take it home and explore the depths of creativity through it. This class will be taught on marimbas with F#s.

Level: Advanced Intermediate

Limit: 11

Materials: Audio/video taping OK.

Prerequisite: Ability to play the kutsinhira part on marimba. This song has one kutsinhira part and about three challenging rhythms to learn and layer, plus the lead.

Ilana Moon  #4 Sat. 10:00-12:00
Learn the dance and singing to Mhande with opportunity to learn the drumming. Even though the spirits are rarely seen, you must feed their thirst. They drink in the Zambezi River and the Save River. The Mhando dance says thank you for the harvest and the rains,” says Charles Mzite. This simple, fun dance shows the richness of Shona polyrhythms.

This is the full arrangement from which the simpler parts used in Wanda’s workshop “Introduction to Mbira-Style Marimba” are derived. The arrangement strongly brings out kushaura vs. kutsinhira positions; students will need to be able to distinguish where the beat falls in their part, and ideally be able to play a particular part in either position. Peter has played in Boka Marimba, Jaka, Trillium and directed the group Tatenda for many years. He’s also taught at Camp Tumbuka for four years.

Wanda Walker has taught marimba at the Kutsinhira Cultural Arts Center in Eugene, Oregon for several years. She has studied marimba with Maggie Donahue and Gary Goldwater, studied mbira with Cosmas Magaya, Musekiwa Chingodza and Stephen Golovnin, and studied Shona-style singing with Jennifer Kyker, Musekiwa Chingodza and Ambuya Beauler Dyoko, among others. Wanda has performed with Jenaguru for over seven years, and with Zambuko for five years. She also teaches private workshops in Shona and Ndebele singing.

Loveness Wesa was a singer, dancer, actor and choreographer with the Amakhosi Theatre in Bulawayo, Zimbabwe for 13 years. She has taught dance and singing in schools in Zimbabwe and Oregon for ten years. She will be sharing her knowledge and experience of Ndebele song and dance at the festival.

Ted Wright has taught gumboot dancing and marimba since 1996, and mbira since 1995. He also plays the chipendani. His teachers have included Michael Breeze, Farai Gezi, Chris Berry, Cosmas Magaya, Forward Kwenda, Newton Gwara, Tute, Irene, Julia and Garadziva Chigamba and many others. He performed with Marimba Muzuva for eleven years, and has also performed with world beat improv ensemble Spirit Gate, mbira quartet Choto, and Zimbabwean roots dance band Zimfusion. He studied in Zimbabwe from December 2003 through March 2004, and has also recorded CDs for Garadziva Chigamba, Sydney Maratu, Amani Marimba and Simukai.
DORMS

Reed College has a beautiful campus and we have plenty of great dorm space available.

There is a tradition of late night singing, dancing, and mbira playing at Zimfest. This year we will again be holding these parties in the student union building, which is across the canyon from the dormitories, so none of the dorms will be designated as a “late night mbira party dorm.” We will designate a dorm as a “quiet dorm,” so let us know if you have a preference.

Dorm space is charged per bed. If you are signing up as a couple, know that you will be charged for two beds (these are two twin beds that can be pushed together). If you have children 14 and under, you can request a rollaway bed be brought in and be charged a lower rate. Children 2 and under are not charged. The dorms do not have cribs available.

The dorms have small kitchens and you are welcome to use them - ideally for keeping snacks, or for breakfast and lunch foods. The kitchen facilities are not large enough to prepare dinners (see below for details on the cafeteria).

Dorm rates for persons over 14 years of age are $35 per bed per night. Dorm rates for persons 14 and under using a rollaway bed are $12 per night. Children 2 and under are free.

PRIVATE HOMES

We will not directly coordinate home stays this year. If you have extenuating circumstances please contact us and we will see if we can help by connecting you with a member of the Portland community with space available.

HOTELS

The Red Lion Hotel at the Portland Convention Center (formerly the Holiday Inn) has offered a festival discount to Zimfest. They will offer a room with a king-sized bed or two queen-sized beds - occupancy of up to 4 people - for $75 to Zimfest participants, based on availability. Call soon since rooms fill up fast, 800-343-1822 or 503/235-2100.

The hotel is not within walking distance of Reed. It is a 15-20 minute car ride and more by public transportation. Hotel tax is 12.5% (there is no hotel tax on dorm rooms).

FOOD

Reed has an outstanding caterer for their cafeteria - Bon Appetit. They carry a great variety of foods including many excellent vegetarian dishes. We encourage you to eat with us on-campus. The dining area is indoor/outdoor and is central to the festival with a great vantage over the amphitheatre where the outdoor concerts will be featured. Your meal tickets will allow you to eat an entree, make selections from the salad bar, as well as choose drinks and a dessert. Please purchase your meal tickets through the registration packet as the caterer cannot accommodate large numbers of festival-goers at the last minute. Unfortunately, there are no discounts for children.

Breakfast $5.50
Lunch $6.50
Dinner $7.50
